

DATA PROTECTION AT JOLLY ARCHERS

The General Data Protection Regulations become operative on 25th May 2018, replacing the Data Protection Act 1998. All clubs should have a policy that tells the individual who is providing Jolly Archers with data how it will be used. We are also required to have permission from members to use their data.

This report describes the information we now collect, who has access to it, how we use it, how we ensure it is held safely, and who might we share it with. It shows the additions we've made to the Membership Application form, Open Shoot Entry forms and the Beginners' Course registration form in order to conform.

1) The information we now ask for from members.

a) Membership Application Form

Name, Address, Postcode, Telephone number, Email address, ArcheryGB membership number and Date of birth (mandatory for ArcheryGB)

iii) Should you be successful in setting club records and/or winning trophies your achievements will be kept and so become part of the club's history.

iv) Publication of such results will mainly be within the club but may also be advised to ArcheryGB, regional and county organisations, clubs we may be competing with, the local press and our digital media platforms and website.
